# What Is ThermaMark?

*ThermaMark is a unique brand of preformed thermoplastic, a ready to use product for any surface marking. The product is used in many forms and offers good durability, slip resistance and is also very easy to apply.*

## Why Use ThermaMark?

*ThermaMark is designed to be simple and easy to apply with amazing durability but still offering excellent value for money. The vibrant design & colours encourage interaction on the playground, offering great educational activities which inspire the students further whilst playing.*

## Where To Use ThermaMark?

*ThermaMark is designed for educational use around schools, nurseries, community centres or even in car parking areas.*
